BASE BALL MAGNATES

Meet in New York To-day. Changes in the Playing Rules.

A FORECAST OF PROBABLE ACTION

On Various Matters that will be Considered-Bicycle Record Broken at Louisville-Peter Maher Issues a Challenge to the World-The Races at Baltimore-Last Night's Bowling Games-Other News of Sport.

The twenty-first annual meeting of the National League of Base Ball Clubs will convene in the Fifth Avenue Hotel, New York, at noon to-day. In the proceedings which will fellow the entire profession of the United States will be much interested. Representatives will be present from Chicago, St. Louis, Cleveland, Louisville, Cincinnati, Pittsburgh, Washington, Baltimore, Philadelphia, Boston, Brooklyn and New York. The outside, or corridor, attendance promises to be unusually large. O. P. Caylor, the well known base ball authority, thus views the probabilities of the meeting:

the meeting:

The playing rules are never revised at the annual meetings. But it is customary to appoint a rules committee, to revise the code and report amendments to the schedule or spring meeting. The playing rules as they stand have given so much satisfaction that very little, if any, changes in the technique of the gaine will be made. The authority of the umpire and the limitation of coaching are probably the only important changes which will be suggested, but they are so important that both topics are likely to be discussed and possibly determined at this meeting.

and possibly determined at this meeting.

A compromise is probable on the coaching question. President Robison's proposition to wipe out coaching altogether will not carry, but noisy work on the lines has become so unpopular that the coacher's mouth will be muziled into a decorous use of that privilege. The manner of effecting this reform is to be one of the surprises of the meeting, and the magnate who furnishes the potent idea will have the thanks of every base ball patron.

Mr. Byrne, of Brooklyn, will ofter a resolution to take away the power of fining players from unpires. In its stead he will propose that on any offense from a player the unpire may warn the offender's captain that any vestiling of the contract of the c

warn the offender's captain that any repetition of the fault will subject the player to removal from the game, and if such repetition be made the captain's player may be sent from the field. The

player may be sent from the field. The rule seems to be an excellent one.

The most important proposition to be made at this meeting is to schedule the unpires through the season with the scheduling of games. The league staff naxt year may be Emslie, Hurst, Keefe, O'Day, McDonald and Lynch, six in all. Each club is scheduled to play sixty-six games on the home ground. That would be eleven games for each umpire. It would be impossible to divide us the would be eleven games for each umpire. It would be impossible to divide up the home series in exactly eleven games to an umpire in each city, but a just distribution could be made. The idea is to give each club the benefit of its proportion of an umpire's service, also to make an umpire's dates fixed and unchangenble.

an unpression of the constitution to prohibit Sunday playing will be introduced. Such a prohibition was part of the National League constitution from 1376 till 1891. When the Indianapolis consolidation occurred the no Sunday playing section was repealed, and any club which desired Sunday games was granted permission to play them. Unclub which desired Sunday games was granted permission to play them. Unless that section be restored there is no chance to keep the St. Louis or any western club from playing on Sunday, and it takes nine votes to amend. If Baltimore, Washington, Cleveland and Chicago join the non-playing clubs in voting for such an amendment it can be carried, but the probability of such a vote is very slight. vote is very slight, Probably the most important outcome

Probably the most important outcome of the mosting will be the "trades" or "dickers" which are sure to come up. The delegates will resolve themselves into a sort of players' exchange. New York has German, Dayle, Barns, Butler and Bannon for disposal. Brooklyn can spare Tredway. Boston is willing to "swap" Tucker, Ryan and either Harrington or Collins. Philadelphia would exchange Boyle, Hallman, Junner or Hamilton for an equivalent, Junner of Hamilton for an equivalent, Manager Ewing has a bunch of will at Iruit which lie will offer for trade, including Morgan Murphy, Latham, Holliday, Vaugha and Parrott. Baltimore, Cleveland and Chicago are the only clubs land and Chicago are the only clubs which have no goods for this market, but they are looking for material.

Even Lord Dunraven's friends now admit that he made a serious mistake in issuing the pamphlet published in the London Times in reply to the report of the New York Yacht Club on the America's cup races. One of the highest yachting authorities in England, a gentleman who is in constant touch with the leading members of the Royal Yacht Squadron, informed a representative of the Associated Press yesterday that Lord Dunrayan's action was greatly regretted and generally condenned by yachtames.

The press, as a rule, has began to follow the lead of the St. James Gazette, which se strongly condemned Lord

Dunraven. The St. James Gazette says: "To bring up this deliberate charge of foul play weeks afterwards is altocether unfair, and it is deplorably injudicious and unpatriotic and will make more bad blood in the United States than half a dozen Corinto or Venezuelan Incidents."

MAHER FOR CHAMPION.

The Irishman is Open to Fight for the Pugilistic World's Championship.

John J. Quine, the Pittsburgh manager of Peter Maher, who knocked out O'Donnell so readily Monday night, made a statement yesterday in behalf of the fighter. He said:

"Maher challenges any man in the world to fight for the championship and he will not put the stakes so high and he will not put the stakes so high that no one except, a man with three millionaires behind him can accept. Maher will fight for \$5,000 a side, in public or private, and he will go any place to do battle. South Africa not barred. Peter claims that he has as much right to the tile of champion as our roter Claims that he had as much right to the tille of champion as any one man, and he is particularly anxious to meet Fitzsimmons."

Quinn said that Maher would not challenge Corbett because Corbett had

asked him as a personal favor not to do so, as he had retired. Maher goes to Philatelphia to visit friends and will then be ready to meet all comers. The Irish champion is but twenty-six years of age, and weighed 170 pounds on the night of the fight.

THAT ONE MILE RECORD

The card at Fountain Ferry track, Louisville, yesterday, was probably the best gotten together this year, including as it did some of the fastest men in the world in each of three classes. Such a card merited a good attendance, but the weather was so chilly as to hold it

Tom Eck stated that the atmospheric Tom Eck stated that the atmospheric conditions, cold and raw, were at least five seconds slow, yet the one mile competition world's record of 1:55 1-5, made by Murphy and Bald in a tie race at Deaver, went glimmering. In the mile open, class B. Otto Zeigler, after a struggle with Wilhe Douardy and Nat Butler, succeeded in catching the quad. These three soon left the bunch, but after two laps Butler and DeCardy were shaken off, leaving Zeigler to finish shaken off, leaving Zeigler to finish alone in the remarkable time of 1:53 2-5, one and fon-filths seconds under the record. rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 59c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will no accept any substitute if offered.

Steamboatmen Object to Wharfage Rates Charged by Wheeling.

The steamboatmen are still kicking at the high rates of wharfage exacted by the Wheeling authorities and on the resumption of naviration it is said auother concerted effort looking toward reduction will be made. This is the way a steamboatman but the matter yesterday afternoon, from which it will be seen their kick has rhyme and

reason.
"In Pittsburgh and Cincinnati where In Pittsburgh and Cincinnati where the boats come in and go out with big cargoes, the rate of wharfage is \$2.50 a week. At Wheeling, however, the rate charged the Pittsburgh packets is \$1.50 per week. Parkorsburg and Marietta charge \$2 per week and Portamouth. Gallipoits and Maysville charge \$1 wharfage. You can see, therefore, that the charge at your wharf is very much higher than anywhere else on the river. Formerly, when the glass and nail business was in the zenith of its prosperity, the steamboatmen did not feel disposed to kick, but now that there are no mails to kick, but now that there are no nails and no glass shipped by river, Wheel-ing's former great importance as a river town has flickered and gone out. The big boats do not get enough, I venture to say, to pay wharfage."

WHAT MELBY SAYS, One Reason for the Great Stuger's Success.

Never Nervous on the Stage, The Chicago Record of October 21, under personal mention column, has this to say of the greatest vocalist in the world: "Madame Melba is never the world: "Madame Melba is never nervous on the stage, and she attributes her immunity from the misfortune which afflicts most opera singers to her simple diet. She holds that indigestion brought on by irregular and self-indulgent habits of eating, is the great cause of nervousness and worry among actors and singers."

This is true, not only of actors and singers, but of business men and women, as well as school children; in fact, the American nation is fast becoming a nation of nervous, high-strung dysopptics.

tion of nervous, high-strung dyspeptics.
The idea is, not to diet and stave one's self, but to cat pienty of wholesome food, and after each meal take a harmless, but effective digestive preparation like Stuart's Dyspepsia Tablets.
